Daylight Savings Time Brings Changes to Bay Bridge Bike/Ped Path Hours

Oakland – The California Department of Transportation (Caltrans) today announced the new hours for the bicycle/pedestrian path on the eastern span of the San Francisco-Oakland Bay Bridge.

Starting Sunday, March 12, the hours will be from 6:00 am until 8:00 pm on weekends and holidays. The longer hours are the result of daylight savings time.

The path will continue to remain open on weekends and holidays only until further notice. The ongoing demolition of the old east span, along with construction activity on Yerba Buena Island, require us to keep the path closed during working hours.

For more information on the bicycle/pedestrian path, visit the following link:
